

2018 joint FAR/ANSEF-ICTP and RDP-VW Summer School in Theoretical Physics

July 2-7, 2018
Yerevan, Armenia 2018

ansef.org/summer-school-2018

The **Fund for Armenian Relief** and the **Armenian National Science & Education Fund**,
in collaboration with the **Abdus Salam International Center for Theoretical Physics**
and
the **Regional Doctoral Program in Theoretical and Experimental Particle Physics**,
sponsored by **Volkswagen Foundation**

invites students and scholars to the [2nd Yerevan Summer School in Theoretical Physics](#).

The school will consist of 4 consecutive days, followed by a 2 day workshop for senior participants.

LECTURERS

Herbi Dreiner (Physikalisches Institut Universität Bonn): *Supersymmetry*
Elias Kiritsis (Crete Center for Theoretical Physics): *TBA*
Alessandro Nagar (IHÉS): *Gravitational waves*
Daniel Waldram (Imperial): *Supergravity, geometry & string backgrounds*

SPONSORS

The International Center for Theoretical Physics (grants SM-18/47 and NT-04)
Fund for Armenian Relief, ANSEF
Volkswagen Foundation (grant No 30860068)

CONTACTS

U.-G. Meißner (meissner@hiskp.uni-bonn.de)
Armen Nersessian (arnerses@yerphi.am)
Arpine Piloyan (arpine.piloyan@yerphi.am)
Vatche Sahakian (sahakian@hmc.edu)

EXTERNAL ORGANIZER

Ulf Meißner
Vatche Sahakian

LOCAL ORGANIZERS

Armen Nersessian (chair)
Ruben Manvelyan
Edik Karapetyan (FAR/ANSEF)
Arpine Piloyan (Secretary)

ADVISORS

A. Kacharava (IKP FZ Jülich)
Th. Mannel (University of Siegen)
Ruben Minasian (Saclay)
Akaki Rusetsky (University of Bonn)
M.M. Sheikh-Jabbari (IPM, Tehran)
Mirian Tabidze (Tbilisi State University)
